Another re-organization under **Executive Order No. 119**, which placed under the Secretary of Health five offices headed by an undersecretary and an assistant secretary. These offices are the Chief of Staff, Public Health Services, Hospital and Facilities Services, Standard and Regulations, and Management Service. The National Capital Region, Cordillera Administrative Region, and Autonomous Region of Muslim Mindanao were added to the 12 regional health offices. A National Health Facilities was created composed of seven special research centers and hospitals and eight medical centers. New buildings were erected and old ones were renovated within the San Lazaro Compound. The expanded program on Immunization and the National Drug Policy (the implementation of the Generics Law) were given importance.
