Full implementation of **Republic Act No. 7160** or **Local Government Code**. The DOH changed its role from one of implementation to one of governance. Significant change: branching out of the Office of the Public Health Services to form the Office for Special Concerns. Two big offices merged to become the Office of Hospital Facilities, Standards and Regulation. Special projects were highlighted like the NID. National Micronutrient Campaign, Disaster Management, Urban Health and Nutrition Project, Traditional Medicine, Doctors to the Barrios Program, "Let's DOH It"! became a national battlecry.
