National Health Summit
15 September 2016, PICC, Pasay City
DOH is mandated to lead in the primary, secondary, and tertiary prevention of drug abuse in the country through the Dangerous Drugs Abuse Prevention and Treatment Program.
DOH PLAN ON SUBSTANCE/DRUG ABUSE

Aligned with:

Philippine Health Agenda
DOH PLAN ON SUBSTANCE/DRUG ABUSE

Aligned with:

Republic Act 9165 and Its Implementing Rules and Regulations

“The Comprehensive Dangerous Drugs Act of 2002”
PRESIDENT DUTERTE HAS NOW DECLARED “WAR ON DRUGS” IN THE PHILIPPINES
Thousands have surrendered....

Some have been killed....

Some have been jailed....
Understanding drug abuse and its prevention and how to access available services
1. Formulate national plans & health program standards and guidelines

2. Oversight and regulate health services & products

3. Provide special tertiary health care services
Goal:

Prevalence of drug abuse and its health-related effects are further reduced.

Mission:

Lead in the implementation of a unified and rational health response in the fight against drug abuse, through a more effective drug abuse prevention, treatment and rehabilitation.
What we want to achieve:

1. More effective leadership and governance for drug abuse prevention, treatment and rehabilitation;

2. Provision of comprehensive, integrated health care services in TRCs and community-based settings;

3. Implementation of strategies for health promotion and drug abuse prevention;

4. Strengthened information systems, evidence and research.
FORMULATION OF SHORT & LONG-TERM PLANS WITH DOH REGIONAL OFFICES & DATRCs

ACTION PLANS

Classify drug dependents

Establish Mega DA-TRCs: Temporary and Permanent
  • 4 mega TRCs
  • Convert of 1 District Hospital per Province (w/o a TRC) to a TRC

Scale-up Training of Healthcare Providers
  • Primary Care Providers/Frontliners in the conduct of WHO ASSIST-BI and Community Based Intervention
  • Physicians in the Management of Substance Use, Abuse and Dependence Disorders

PhilHealth Detoxification Package

Partner with NGOs and Religious Organizations
Of the almost 700,000 surrenderees (PNP data)
- Less than 1% of these will be admitted to TRCs;
- The rest will be referred to Intensive Outpatient Treatment and Community Based Rehab Program (CBRP)

There are 44 accredited TRCs, **15 of which under** DOH that can only accommodate around 5,300 in-patients...

**Gaps:**
- Need for more TRC beds
  - Community-based Rehab Programs
    - not yet in place in LGUs
- Policy/Guidelines
Need to implement:

- Community-Based Rehab Programs in LGUs
  - Barangay level (standard training for BHWs & Primary Care MDs, IEC materials, reporting forms, info system, algorithms)

- Construct & operationalize Mega TRCs (temporary) while permanent facilities are established per region
  - 4 in 2016, 4 in 2017

- Encourage establishment of half way houses in LGUs
ACTION PLANS

- Conduct of Regular TWG meeting for preparation/operationalization of Mega TRCs
- Follow up meeting/Updates with DOH ROs & TRCs;
- Study visit: Mega TRCs in Beijing, China
- Harmonization/Standardization of trainings, algorithms, reporting forms
- Conduct of writeshops on: development of info system, guidelines in operating of halfway houses, IEC Materials
- Conduct of Strategic Planning
Release of Funds to augment current budget:
From DOH: 130M for drug testing kits to all ROs, TRCs & NCMH + some hospitals

- Donation for 4 Mega TRCs; 600M PS + MOOE each from 2017 GAA

Phil-Health approved P10,000.00 detox package
DBM approved construction of new TRCs:

**2016**: Zamboanga City (DOH-TRC)
   Satellite TRCs:
   Sindangan, Zamboanga (DOH-TRC Zamboanga)
   Tangub, Misamis Oriental (DOH-TRC CDO)
   La Union (DOH-TRC Dagupan)

**2017**: DOH-TRC Mountain Province (CAR)
   Satellite TRCs: Pampanga;
                  Zamboanga Sibugay;
                  Tugbok, Davao City
